Masonic Light.

Join us in Minneapolis for one of 2010's most important Masonic education events. Our Friday program includes a round-table discussion of recent *Philaletes* articles, a tour of the Minneapolis Scottish Rite Temple, the opening session of the Society's annual business meeting (open to Members and Fellows), and a hospitality hour.

On Saturday, our Forum program will feature five interesting speakers on topics of interest to Freemasons. After the conclusion of the Society's business meeting, we will gather for our 82nd annual banquet. The keynote address will be presented by our special guest Trevor Stewart, a Past Master of Quatuor Coronati, the world-renowned lodge of Masonic research, and the 2004 Prestonian Lecturer. Don't miss this special opportunity.
